

**Friday, June 5, 8:30 a.m., Kelowna**

Attend the FortisBC Trade Ally Network 2015 New Home Construction Trade Show. All gas and electrical contractors and wood frame builders are welcome.

Registration is free, but space is limited. [Register](#) by April 20, 2015.

### Agenda highlights

- the [Building and Safety Standards Branch](#) will discuss changes to the BC Building Code
- [RDH Building Engineering Ltd.](#) will present key findings from an energy study on a new multi-family residential dwelling
- FortisBC representatives will discuss rebate programs, new service attachments, piping to suites and common rates
- trade show featuring manufacturers, distributors and suppliers of industry-related products and services

### Speakers

#### **BC Building Code changes and HVAC requirements**

Zachary May with the Building and Safety Standards Branch will present on changes to the BC Building Code that will impact installers of gas equipment.

#### **Energy choices for multi-family dwellings**

Andrew Pape-Salmon with RDH Building Engineering Ltd. will discuss key findings from a study looking at high-efficiency equipment options for space heating and cooling and water heating in multi-family residential dwellings.

#### **FortisBC rebates and initiatives**

Representatives from our Energy Efficiency and Conservation and PowerSense teams will discuss our residential and commercial rebate programs. In addition, the benefits of common rates, the new simplified process for service attachments and piping to suites will be discussed.
