### What role for Developers in implementing the Climate Leadership Plan?

Communities have a central role to play in implementing the forthcoming Climate Leadership Plan, particularly through the built environment. Developers and builders will be key partners alongside Local Governments and Energy Service Providers. Join us at the 2016 Community Energy Symposium to:

1. Define your company's role in implementing the CLP
2. Get updates on key initiatives such as Stretch Code, Energy Benchmarking, Home Energy Labeling, and Transit-Oriented Development
3. Build and strengthen business partnerships
4. Get a head start on implementing the next round of GHG reductions in British Columbia
